

## What financial aid can I use?

Most types of aid and scholarships can be used for studying abroad. Additionally, most Pullman Campus scholarships can be used while studying abroad during the academic term(s) they are offered.

Aid that may **NOT** be used for a study abroad experience includes:

- Cougar Commitment Grant
- Cougar Academic Award/WUE
- Work Study
- Some Institutional Waivers

- Financial aid for Global Learning students is released on the **first day of the regular WSU semester**, or **ten days prior** to the student's official program start date - **whichever is later**
- Aid should disburse normally as long as you have completed all program requirements and have no more "to-do" tasks

## When will I get my financial aid?

## How do I pay my program fees?

- You may have to pay program fees upfront before aid disburses, once aid disburses, any excess will be sent as a refund
- Tuition and fees for WSU programs are paid the same way campus fees and tuition are paid
- All external fees from non-WSU third party providers must be paid to them directly
